

# Wilson Considers Means to Reduce The Cost of Living As Railroad Brotherhoods Demand Lower Prices or Wage Boost

## 6000 TROOPS DO PATROL DUTY IN CHICAGO TODAY

### Militia Ordered Out Last Night Keeps Negroes Quiet

Chicago, July 31.—Chicago was completely calm today for the first time since Sunday and public officials expressed the belief that the use of five regiments of state troops has effectively quelled the race riots which resulted in 30 deaths and the injury of more than 1,000 persons.

State militiamen are patrolling the danger districts on the south side and their appearance on the streets has had the effect of suppressing violent disturbances. They were aided in their work by a driving rain which kept crowds from gathering.

A dozen arrests were made of whites and negroes charged with carrying concealed weapons and there were several sporadic fights between white men and negroes but no mob attacks were reported.

Governor Lowden this morning called attention to the fact that the city was not under martial law and that no such action is contemplated unless conditions grow materially worse.

## SOLDIERS IN BLACK BELT

Chicago, July 31.—Chicago's main negro quarters today were patrolled by 6000 soldiers, accoutred as for war, after four nights of race rioting that caused 30 deaths, 17 negroes and 13 whites, and injury of nearly 1000 persons, 200 of whom were severely hurt and a dozen of whom may die. No deaths were reported last night, but many injuries and fires were recorded.

Governor Lowden ordered troops out last night on request of Mayor Thompson after darkness had brought renewed rioting and the city's 3,000 policemen were exhausted. The First, Second and Third reserve militia and the Tenth and Eleventh Illinois infantry were sent on duty by Adjutant General Dickson, while the Ninth regiment remained in reserve at the stock yards and the Fourth reserves on the west side.

## Troops Fight Way In

Fighting kept up after the troops' arrival shortly before midnight, and one squad had to fight negroes to reach their station at 41st street and Wabash avenue, while other soldiers were fired on from ambush. No soldier was killed or wounded, and after the troops had taken their places, disorders died down.

## 41 Fires Recorded

General Dickson reported that the situation was "ominous" and Chief of Police Garrity presented a tabulation of two policemen slain and 31 injured. The fire chief told the mayor firemen had answered 41 alarms to quench blazes started by whites who fired negro homes.

Orders were flashed to armories, where soldiers had been quartered for two days. Army trucks were used to carry most of the soldiers while others nearer the scene marched to their stations.

As the soldiers proceeded into the riot area, roughs, who had been looking for fights, disappeared. Some gangs sped to territory uninfected by terrorism and resumed their unlawful occupation, but most marauders, as rain began to fall, retired.

## Negroes Welcome Troops

Law-abiding negroes who had been herded indoors for three days in fear of attacks rushed out as the troops reached the black belt, but they had been too much overwhelmed by fear apparently to offer a greeting, merely watching with lightened countenances the soldiers.

As each regiment reached its headquarters, the men were split into patrols of 8, and sent out to see order was preserved. Even truculent negroes for the most part refrained from fighting the soldiers and by 2 a. m. all was quiet in the guarded territory.

## Pitched Battle Fought

The most serious riot of the night occurred at 53rd and State streets, where 200 policemen fought two hours a crowd of negroes, firing a thousand shots before rioters were subdued and 45 arrested. It was only after patrolmen had chopped into some buildings and seized a dozen snipers with their rifles and 500 cartridges that fighting ceased.

Although many heads were cracked as the police charged the barricaded negroes, the rifle fire resulted in injury of only one person, Patrolman E. Johnson, patrol wagon driver. He was shot as the policemen dashed up to the scene.

## FRANCE REOPENS POSTAL SERVICE WITH GERMANY

Paris, July 31.—Postal communication between France and all parts of Germany was re-opened today.

## GEHANTS LOST DRAINAGE CASE IN CO. COURT

### Jury This Morning Returned Verdict Of \$1,713.69

The jury in the case of H. F. and Durant Gehant against the Inlet Swamp Drainage district, this morning returned a verdict in favor of the district for \$1,713.69, representing the apportionate share of the assessment and benefits received by the complainants. Attorneys Grover Gehant and H. A. Brooks have appeared for the district throughout the suit which has continued for a period of about two weeks, while Clyde C. Smith represented the Gehants.

This case was started in the county court of Lee county about two years ago, and when tried before a jury, a verdict was returned for \$1,400. The case was then appealed to the supreme court of Illinois who reversed it and remanded it back for retrial in Lee county on the grounds that the original cost of construction of drainage and ditches was not shown.

## MAY SEGREGATE MORONS IN DIXON COLONY GROUNDS

### State Officials Considering Enlarging Its Usefulness

As the result of the agitation now under way in Cook county for the proper segregation and care of morons such as Thomas Fitzgerald, confessed murderer of six-year old Janet Wilkins, another use may be found for the Dixon state colony, and if present proposals materialize a part of the colony grounds north of the city may be equipped to care for men of this type.

This morning's Chicago papers are authority for the statement that state officials are contemplating giving a part of the colony over to the care and confinement of morons, in which case the institution here will be called upon to care for and treat three classes of deficient—epileptics, feeble minded and morons.

The state legislature at its last session appropriated a large sum for the erection of more buildings at the colony, adopting the suggestion of the Department of Public Welfare, that the present grounds be divided between epileptics and feeble minded, the state institution for the feeble minded at Lincoln being overflowing.

## Dixon Boy Home From Long Overseas Service

Sergt. Gardner Cook, son of Mr. and Mrs. Morris Cook of this city, arrived home yesterday from overseas, after more than two years in the army. Sergt. Cook, who has received his discharge, is a three-striper, bearing three gold stripes on his left sleeve, denoting eighteen months service in France, and one gold stripe on his right sleeve, a wound stripe. His victory badge boasts two gold stars, showing that he took part in two of the eleven major operations of the U. S. army in France, the Argonne and the St. Mihiel. Sergt. Cook was a member of headquarters troop, 5th Division. He brought home many interesting trophies of war, including a German cavalry officer's helmet, of a design rarely seen here, and a Luger automatic which he unstrapped from a dead German officer.

## But Two Prisoners In Co. Bastille Now

The Lee county jail today houses a lesser number of prisoners than for probably a five year period. But two prisoners remain in custody at this time: Henry Maldonado, who is serving a sentence for bootlegging, and Milo June, who is awaiting the action of the September grand jury for the theft of a Ford automobile.

## A. E. & C. Employees To Submit Their Case

Aurora, Ill., July 31.—Striking employees of the Aurora, Elgin & Chicago electric railroad today awaited word from Manager E. C. Tabor of the traction company that he was ready to enter into a conference growing out of their demands for an increase in pay of 41 cents an hour. Edward W. McMorrow, of Detroit, an international officer of the Amalgamated association of Street and Electric railroad employees and George W. Adams of Wheaton business agent of the A. E. & C. employees' union will represent the men.

## LICENSED TO WED.

A marriage license was issued late yesterday afternoon to Verner Vroman Wallace, of Milledgeville, and Miss Grace Marie Colcord, of Coleta.

Mrs. Daniel McIntyre, Highland avenue, received word today of the safe arrival at New York of her son, Dan, who has been serving overseas.

## THE WEATHER

Illinois — Showers probably tonight and Friday; cooler Friday and in west and north portions tonight.

## GOVERNMENT TO SELL SURPLUS ARMY GOODS DIRECT TO CONSUMER

### Postmasters Are Agents Who Will Take Orders From The Users

Washington, D. C., July 31.—With every postmaster and carrier throughout the country acting as a salesman, the war and postoffice departments today got under way the government's plan to help the nation drive from its door the high cost of living wolf through the distribution by parcel post at cost of approximately \$125,000,000 worth of surplus army foodstuffs. War department officials today were preparing a price list covering the entire available surplus.

The list will be sent to each of the 54,000 postmasters throughout the country as well as to all rural mail carriers who will inform consumers of the prices and methods of sale and also take orders. Payment must be made at the time the order is taken for which a receipt will be given in order that the purchaser may be reimbursed if the order cannot be filled.

The army food which will be available to the public at much lower prices than those prevailing in the retail trade consists chiefly of canned vegetables, corned beef, bacon, hashed corn beef, roast beef and fresh frozen meats and poultry.

## Trial of Caillaux By High Court Has Been Recommended

Paris, July 31.—Trial by a high court of Joseph Caillaux, the former premier, who has been under arrest a year and a half charged with having had treasonable dealings with the enemy, is recommended in the conclusions of Theodore Lescouvie, attorney general of the republic. M. Lescouvie's report has been filed with the commission of inquiry which is just closing its long investigation.

It is understood that the attorney general finds no grounds for prosecution of the accused deputy, Louis Loustalot, who was involved with Caillaux.

Captain Morpet who prosecuted M. Daval, who was sentenced to death and executed in connection with the Bonet Rouge case, and Pierre Lenoir, who also was sentenced to death on a charge of trading with the enemy, will assist M. Lescouvie in the prosecution of Caillaux if the commission of the high court adopts the conclusions in the attorney general's report.

## Wire Control Will Cease at Midnight

Washington, D. C., July 31.—At midnight tonight government control of telegraph and telephone systems which began July 22, 1918, when the lines were taken over as a war measure, will end and the properties will be turned over to their private owners. An order to this effect was issued yesterday by Postmaster General Burleson in accordance with the resolution adopted by congress and recently signed by President Wilson.

## Dangerous Shrubs In Dixon Are Placarded

Many Dixon business men went home last evening to find certain bushes and shrubs in their yards bearing bright red placards, and of course they investigated. They were informed by the card, which bore the signature of the Department of Agriculture, State of Illinois, that the bush or shrub to which it was attached is a dangerous shrub and must be destroyed. The cards, which will be placed on every shrub of its kind in Lee county before the survey is completed, were placed by J. H. Gage, D. A. Albercht, E. F. Geeba and R. R. Schultz, representatives of the U. S. Department of Agriculture, extended mention of whose activities in this vicinity was made in Tuesday evening's Telegraph.

## New Shoe Store Open For Business Today

Ray Briscoe's "Buster Brown Shoe Shop," stocked with a complete exclusive line of new model Brown Shoe Co. shoes for men, women and children, opened for business this morning in the room recently vacated by Wheeler's barber shop. The room has been entirely redecorated and refurbished, and the young proprietor anticipates excellent business.

## British Arrange To Move Archangel Army

London, Eng., July 31.—The British government is arranging to send a naval force to Russia to cover the evacuation of the Archangel district by the troops there, it was announced here today. A contingent of regular army troops also is being held in readiness to assist there if necessary.

## G.O.P. SENATORS STAND FIRM FOR RESERVATIONS

### Keyes and New Confer With Wilson and Give Opinions

Washington, July 31.—"My back is stiffer than ever for ratification of the treaty with reservations" Senator Keyes, republican, of New Hampshire, said today after a conference with President Wilson at the white house. Senator Keyes who was one of the signers of the round robin of the league of nations circulated by republican senators in the closing hours of the last congress, told the president he favored reservations along the lines proposed by former President Taft, Charles Evans Hughes and Elihu Root.

Senator New of Indiana, republican member of the foreign relations committee, said after a visit to the white house today that he had told the president it would be "utterly impossible to get the senate to accept the peace treaty as it stands," and that it either would be "ratified with reservations or fail."

Senator New said he told the president he was utterly opposed to article X of the league of nations covenant. He added that in reply to the president's statement that adoption of reservations by the senate might set a precedent for other nations he had said that the question of reservations was one for the United States to decide regardless of the effect of other countries.

## DIXON POLICE TO POUR BOOZE INTO THE RIVER

### Disposition Of Articles In Hands Of Police Considered

What is to be done with a large accumulation of articles of clothing, automobile accessories and numerous other articles, a list of which is too long to enumerate, now being held at the city police station? This is the question that is confronting Commissioner Slothower of the department of public health and safety.

For years the members of the police department have recovered articles that have been lost and found and for which the rightful owners have not called. One big vault at the station is almost completely filled to the doors with this accumulation and some disposition must be made of it. Auto robes, rain coats and other articles of wearing apparel are contained in this list. Another room adjoining the police headquarters contains a number of articles that have not been called for, some having been held for years.

In the vault is a considerable quantity of beverage of different brands and in various sized bottles, the result of the old days when John Barleycorn was in his prime. This cannot be sold and will doubtless have to be thrown into Rock river. With reference to the other articles, it is quite probable that an ordinance will be drafted in the near future which will provide for the disposition of the accumulation of many years. This action is now being considered by the members of the council.

## Fined For Molesting Dixon Young Women

John Athnas, a Greek, who came to Dixon about two weeks ago from Amborg, was arrested last evening and arraigned before Justice Grover Gehant in police court on a charge of disturbing the peace. The police have been receiving numerous complaints from women who claim to have been accosted by Athnas on the streets and complaint was finally made by a young woman residing in the west end of the city. Athnas paid a fine of \$5 and costs for his actions and was warned against repeating his attentions to women on the streets.

## Increased Pay Is For Dixon City Treasurer

Through an inadvertent error The Telegraph in referring to the increase of the salary granted Miss Eleanor Powell by the city council, stated that the increase was given her as City Stenographer. The larger pay granted is not for her duties as stenographer but as City Treasurer.

## JAPANESE PEACE PARTY SOON TO SAIL FOR HOME

Paris, July 31.—Baron Nobuki Makino, head of the Japanese delegation to the peace conference, accompanied by his staff, will sail shortly for Japan.

## HOOVER GOES TO LONDON.

Paris, July 31.—Herbert C. Hoover and other members of the supreme economic council, left today for London where the council will meet tomorrow to discuss plans for the continuance of interallied control of supplies.

## AUSTRIAN CABINET TO RESIGN AS RESULT OF ALLIED PEACE TERMS

### Chancellor Renner, Head Of Peace Delegation Also Will Quit

Vienna, July 31.—(VIA BERNE)—The Austrian cabinet headed by Dr. Karl Renner has decided to resign.

Austrian governmental affairs have recently been in a rather unsettled state. The peace terms presented by the allied and associated powers to the Austrians at St. Germain-En-Laye have been stoutly protested against in official circles in Vienna, the financial provisions being considered as particularly onerous and predictions being made that Austria was likely to be driven into bankruptcy.

Last week Dr. Otto Bauer, the foreign minister, resigned his post, largely, it was said, because of dissatisfaction at his failure to obtain important advantages for Austria in negotiations leading up to the formulation of the peace treaty. Chancellor Renner, however, filled the gap caused by Dr. Bauer's resignation by taking over the duties of the foreign office himself, in addition to those of the chancellorship.

## Chicago Street Car Workers Vote Friday On Wage Compromise

Chicago, July 31.—Toiling Chicago found cheer in the prospect that street car strike might end soon and that by Saturday morning workers could again ride on elevated and surface cars. So the thousands who have come down town on trucks or by their own motive power and gone home as best they could bore good humoredly the inconvenience forced upon them by the paralysis of local transportation lines.

Possibility of the near solution of the strike came with the announcement that the 15,000 surface and elevated men on strike since Tuesday morning at 4 a. m. would ballot tomorrow on whether to accept the wage scale agreed upon last Monday by their representatives and those of the company and rejected the same night by a meeting of 6000 car men. The plan of the union leaders for a referendum vote of the entire union membership met the approval of W. D. Mahon, international president of the carmen's union, on his arrival from Detroit and immediate preparations for balloting was begun. It was found the printing of ballots and preparation for taking the vote would consume much of today and therefore Friday from 8 a. m. to 4 p. m. was fixed for balloting.

The original demands of the street car men were for a 77 per cent increase in wages, or from 48 cents to 85 cents with conditions similar to those agreed upon at the Monday conference which fixed 65-67 cents as the maximum of wage.

## Chicago Milk Price Goes to 15 Cents

Chicago, Ill., July 31.—Chicago retail distributors notified their patrons today that beginning tomorrow the price of milk will be increased from 14 to 15¢ a quart and the price of cream from 15¢ to 16¢ a half pint.

Retailers explained that the producers had increased the price of milk to distributors 52 cents a hundred pounds for August and that this made it necessary to raise the price to consumers.

## Railway Shopmen To Get Wage Adjustment

WASHINGTON, July 31.—Representatives of the six railroad shop unions who are in conference here with railroad administration officials, telegraphed to shop employees over the country today not to strike pending final settlement of their demands. The workmen were informed that the railroad administration had consented to enter into a national agreement with the unions covering rules and working conditions.

## Judge Baume Rites Largely Attended

The funeral of Judge James S. Baume, who passed away at Rockford Sunday afternoon, was held at his home in Galena yesterday afternoon at 2 o'clock, and was one of the most largely attended funerals ever held in that city. Jurists, lawyers and county officials from every county in the Congressional district were present to pay their final tributes to the departed judge, and many Masons joined the Masons of Galena in conducting the services. Among the Circuit judges present were Judge Welen of Rockford, Judge Graves of Geneseo, Judge Ramsey of Morrison and Judge Farrand of Dixon. Dixon men who attended were: Judge Farrand, Circuit Clerk E. S. Rosecrans, Court Reporter Gossman, and Attorneys Harry Edwards, John B. Crabtree, Mark C. Keller, H. S. Dixon and Harry Warner.

## B. OF L. E. LEADER ASKS WILSON TO CUT LIVNG COST

### Says Prices Must Drop Else Men Will Ask Wage Increase

Washington, D. C., July 31.—Declaring that "conscienceless profiteering by the great interests, who have secured control of all the necessities of life," had brought about a condition that made it imperative that those whom they represented must demand another increase in wages unless the cost of living is forced down, Warren S. Stone, grand chief, and members of the advisory board of the brotherhood of locomotive engineers have asked governmental action to lower living costs.

In a statement presented to President Wilson late yesterday Mr. Stone declared that despite the recent wage increases members of the brotherhood found themselves today actually earning less money than they did before the war because of the great depreciation in the purchasing power of the dollar. Attention also was called to the "widespread spirit of unrest among all classes whose wage no longer will provide adequate food, shelter and raiment for themselves and families.

No plan of action by the government was suggested further than that some adequate measure be taken to reduce the cost of the necessities of life to a figure that the present wages and income of the people will meet.

## AERIAL EXPRESS WILL ARRIVE AT 1 P. M. ON FRIDAY

### Society Brand Clothes Will Be Delivered To V. & O. Store

Lieutenant Hassel, who brought the first aeroplane express to Dixon on June 12, delivering a shipment of Society Brand clothes to Vaile & O'Malley, will visit Dixon tomorrow, his checkered board plane arriving at 1 p. m. at the same landing field, and bringing the first shipment of fall clothing to the local store.

Society Brand aeroplane service has been in successful operation since June 3rd and flights have been made to cities in five states. An average of nine cities has been visited each week since the service was inaugurated and thousands of dollars worth of merchandise has been delivered by this twentieth century means of transportation.

Practically perfect flying scores have been maintained by Aviators Hassell and Behncke regardless of thunder storms and severe gales. Schedules calling for an average running time of 65 miles an hour have been maintained and the aeroplanes have arrived at their destinations on time with but few exceptions.

Long distant flights have included Toledo, O., 230 miles from Chicago; Terre Haute, Ind., 190 miles; Green Bay, Wis., 210 miles; Springfield, Ill., and Grand Rapids, Mich., 175 miles each.

Society Brand planes will be in regular service throughout the flying season this year, and early next spring it is expected that the fleet will be materially increased by additional planes in order to extend the flying radius to 500 miles from Chicago. In the opinion of Alfred Decker @ Cohn, it is only a question of time when it will be necessary to establish regular flying fields in certain big centers to permit the relaying of merchandise from one plane to another. In this way a large section of the United States can be regularly visited by their aeroplanes. Early next spring it is planned to use aeroplanes in connection with selling trips to facilitate the work of salesmen in certain territories.

## Fry Moves Effects To County Infirmary

Willis Fry of this city who last Friday was chosen by the Lee County Board of Supervisors to succeed Clyde Wieher as superintendent of the Lee County Infirmary after that body, at a stormy session, had ousted Mr. Wieher from a position for which his contract was to run until January 1, 1920, moved most of his household goods to the farm yesterday and today, and is ready to assume the duties of superintendent tomorrow morning.

Mr. Wieher has made no announcement of the course he proposes to follow in the new situation following his discharge by the supervisors.

## RIVER ROAD MAY BE OPEN BY WEEK END

Highway Commissioner James Penny is making rapid progress with the work on the River road. Crushed rock has been used as a base for the road from the intersection with the Daysville road east to the old Fuller springs building. This has been surfaced and makes a first-class road and one that is decided improvement over the old one.

The work from the old spring house east will progress undisturbed. It is expected that the road will be open a great deal of the time during the scarifying of the remainder of the work and the commissioner will doubtless announce the road now closed as being ready for use before the end of the week.

## PRESIDENT MAY INITIATE PROBE OF HIGH PRICES

### Railroad Men Complain Purchase Value Of Dollar Too Low

## WILSON BECOMES INTERESTED.

Washington, D. C., July 31.—President Wilson is giving "deep and very thoughtful consideration" to the high cost of living, it was announced today at the white house, and all branches of the government that might aid in solving the problem are at work.

The president is understood to have been deeply impressed by the statement presented to him yesterday by Warren S. Stone, chief of the Brotherhood of Locomotive Engineers describing the unrest of the country because of the decreased purchasing power of the dollar.

In this connection, it became known today that the brotherhood of railway trainmen had presented to the railroad administration a statement similar to that of the engineers, setting forth that the trainmen must have increased wages unless immediate steps were taken to reduce living costs.

G. Lee, president of the brotherhood of railway trainmen, announced today that unless the railroad administration had taken action by October 1, on the demands of the brotherhood that wages of the trainmen either be increased or the cost of living reduced, steps looking to the enforcement of the demands would be taken.

Mr. Lee said a resolution containing this declaration, which had been adopted last night by the special committee of sixteen appointed at the recent convention of the trainmen at Columbus, Ohio, would be sent to the railroad administration. The resolution provided that in the absence of action by October 1, the committee would reconvene to consider "the necessity for using the protective features of the brotherhood.

## SENATE DEBATES SUBJECT.

Washington, D. C., July 31.—The high cost of living was debated in the senate today during consideration of a resolution proposing reduction of the amount of currency in circulation.

Senator Myers, democrat, Montana, said the amount of money in circulation was partly responsible for present conditions, adding that high living costs were "productive of bolshevism and anarchism."

Referring to the requests of railroad employees for increased wages, Senator Wyers said increases in wages invariably were followed by advances in living costs, thus creating "an endless chain."

"It is impossible to see whether this

(Continued on Page 6.)

## Mexican Agents Are Assigned To Obtain Oil Case Evidence

Washington, D. C., July 31.—Advices from Mexico City today report the sending of a number of secret service men by Chief Orozco, formerly chief of police of Mexico City, into the oil fields at Tampico in an endeavor to secure evidence against foreign oil companies operating in that region. Attention of the state department has been called to the action which is believed to be another move on the part of the Mexican government to bring about the confiscation of the foreign owned oil properties.

According to the advices received here the men were sent to Tampico to seek employment by the oil companies but as these companies have now been warned through a "leak" in Mexico City it is believed they will be unable to secure employment. It was charged the foreign oil companies were aiding revolutionists, but according to state department officials the rebel Pelaez is the only person, aside from the Carranza authorities who is receiving any aid from the companies.

Pelaez, it was alleged, is being paid a salary for protection of the oil fields south of Tampico. The salary is apportioned among the various foreign companies and has been approved by the state department here and by the British, Dutch and French foreign offices.

## Sheriffs Will Discuss Catching Auto Thieves

Sheriff Frank A. Schoenholtz is arranging to attend the annual convention of the Illinois Sheriffs' Association at Ottawa Aug. 7, 8 and 9, and it is expected the meeting will be one of the most profitable the sheriffs have had in many years. The principal topic for discussion will be that of closer co-operation in the apprehension of automobile thieves.

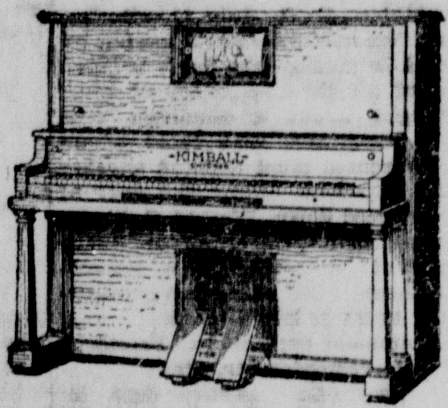

Attorney Harry Warner went to Princeton this morning to transact legal business.

## COMING EVENTS

**WITH MRS. M'KENNEY.**  
Mrs. Bertha Backus, of Chicago, is expected to arrive either this afternoon or this evening for a visit with Dixon friends. She will be entertained at the home of Mrs. Jerome McKenney.

**SCRAMBLE SUPPER.**  
Mr. and Mrs. F. C. Burdick entertained with a scramble supper last night a few friends.

**FROM CHICAGO VISIT.**  
The Misses Catherine and Helen Murphy and Mable Drew, of Dixon, and Miss Mary Nagle, of Waukegan, returned last evening from a few days visit in Chicago at the home of Mr. and Mrs. Orville Drew. Mr. and Mrs. Drew and their two little daughters accompanied them to Dixon and will visit for the remainder of the summer at the home of Ex-Supervisor John P. Drew. The trip to and from the city was made by automobile.

**RECEPTION FOR PASTOR.**  
The people of the Congregational church will give a farewell reception this evening at 8 o'clock at the church to Rev. and Mrs. John Dornhoefer, who leave in a week or so for their new pastorate in Bureau county. They will make their home in DePue. All members of the church and congregation and all their friends are cordially invited to attend. A pleasant evening has been planned.

**PRESIDENT OF SYNOD HERE.**  
Rev. E. H. Gilmer, of Anna, Ill., president of the Southern Illinois Lutheran Synod, spent Tuesday and Wednesday in Dixon at the Assembly Grounds. He brought with him a five-year-old orphan boy who was taken to the Nachusa orphanage. During his stay here Mr. Gilmer was a guest of Rev. and Mrs. S. A. Zimbeck.

**BRIDGE PARTY.**  
Miss Grace Judd will entertain tomorrow for Miss Myrtle Judd, her sister, who is home from Washington, D. C., on a vacation visit. The affair is to be a bridge party of six tables.

**Beauty Parlor**  
Shampoo with hot oil or witch hazel, 75c; plain shampoo, 50c.  
Manicuring, 50c.  
Facial massage, \$1.00 per hour.  
Facial massage, per half hour, 50c.  
Switches made from combings Meltonia toilet preparations. Nothing better on the market, used by many Dixon ladies.  
Ask to see my full line of corsets. The American Queen, Madame Grace and Barclay corsets for stout women.  
Mrs. A. B. Taylor  
DIXON NAT'L BANK BLDG.

**AID LOT**  
treats NERVOUS ills scientifically — successfully.  
**Dr. W. F. Aydelotte**  
Neurologist Health Instructor  
223 Crawford Ave., Dixon, Ill.  
Phone 160 for Appointments

Solo, Miss Marjorie Slothower Dixon, Ill.  
2:00 p. m.—(A) Musical Prelude, The Florentine Musicians.  
Splendid artists are those, rich in natural endowment, finished in culture and experience. Vissochi is really a musical marvel. He plays the concert grand accordion as only few can, and produces all the effects of a large orchestra. The music is irresistible.  
2:30 p. m.—(A) Address, "The League of Nations," Ex-Senator James H. Lewis, of Illinois.  
This subject involves the greatest adventure of civilized Nations. We will hear a strong and logical discussion of this live and important question.  
4:00 p. m.—(A) Concert Dixon Symphony Orchestra.  
7:15 p. m.—Riverside Sunset Service.  
8:15 p. m.—(A) Service of Music, The Florentine Musicians.

Hon. Wm. B. McKinley, August 9  
2:30 p. m.—(A) Lecture, Hon. William B. McKinley.  
Mr. McKinley is a typical self-made man, whose career abounds with interest. As president of the Illinois Traction System, commonly known as the McKinley lines, including many city and interurban railways throughout the Mississippi Valley, together with numerous gas and electric plants, he has established an enviable record for business ability.

## Feminine Members of Navy Are Discharged

By Associated Press Leased Wire.  
Washington, D. C., July 31.—More than 2,000 yeomen (f) and feminine marine corps reservists on duty here were mustered out of the navy today. Many of them will be employed in the navy department in civil service capacities. The remaining "yeomeness" and marinettes on duty in various parts of the country and island possessions will not be released from active service before August 11, under the provisions of the new naval bill.

Secretary Daniels and Maj. Gen. Geo. Barnett, reviewed a battalion of uniformed yeomen, (f) and a company of marinettes here yesterday as part of a farewell ceremony.

During the war the yeomen (f) corps reached a strength of 11,275, some of its members serving in Europe and in all other places where there were naval establishments or stations.

## Amboy Girl Released; All Case Were Settled

The several-sided case which was the outcome of the arrest of Leona Edwards at Amboy Monday for the alleged theft of a sum of money from a Rock Falls fruit store, was settled yesterday in Justice I. L. Weaver's court in Sterling. The young woman had named a Sterling youth as being agreed to settle, she returned the money she took from the store, was given her liberty, and left town.

## Dixon's Centenarian Losing Her Strength

Mrs. Charlotte Whippman, Dixon's centenarian, whose condition has a source of great concern on the part of the many friends, continues to grow weaker, and fears for her recovery are entertained. Should she survive until Aug. 25 she will be 101 years of age.

## Germans Brought on Attack At Versailles

By Associated Press Leased Wire.  
Paris, July 31.—The judge advocate attached to the second permanent court martial, who investigated incidents connected with the departure of the Germans from Versailles, finds that there is no case.

It has been established that the Germans aroused the protests of the crowd by sticking out their tongues at the spectators and shouting "hechs."

## SANDRA THE JEALOUS

By JANE PHELPS.

That night when Everett came in I told him at once of my callers of the afternoon.

"I heard a rumor they are to be married soon," he said, evidently unimpressed by my excitement. Down fell my house of cards. That is, it started to fall, but I caught them just before it was too late. They weren't married yet. Rose was much prouder than Dagmar. Surely if I tried I could keep him for Rose. I would telephone him to bring some certain music, then tell him about Rose. But this plan I also kept to myself.

Everett was very much absorbed in his business thru the rest of February and March. I heard him talk to some man occasionally when we were out together about stocks and bonds, but as I knew absolutely nothing about business I paid no attention. But I was lonely, uneasy, I thought much of Leola, and often wished I could find out more about her. I made all sorts of plans to get into the attic and see what had been put away up there that had belonged to her, but they all failed. The door was securely locked, and I knew of no way to get the key from Everett. In fact I dared not mention the attic to him.

Then one day Hetty was missing. When I questioned Mrs. Gray, she said her aunt was very ill, and she had let Hetty go to her for the day. The aunt lived in a small hamlet about five miles away.

Suddenly I recalled that this aunt had been with Everett when he and Leola were together. She would be able to tell me all about her if I could persuade her. But how? Finally I determined to question Hetty upon her return as to her aunt's condition. If she were well enough to see me I would offer to take Hetty the next time she wanted to go to her, and would also take her some jelly or something a sister person would relish. It would take only a few minutes in the automobile, and it took Hetty a long time on the street cars.

Hetty told me her aunt was very ill, but that she was not suffering particularly, and could see anyone she liked. She was delighted when I told her I would drive her over the next time Mrs. Gray could spare her, and said Mrs. Gray had given her the afternoon off. So I ordered the car, Mrs. Gray gave us some jellies, and preserved fruits, we stopped and brought some flowers, then went on to the sick woman.

I found her a good deal the same type as Mrs. Gray—rather a superior woman for the position she had occupied as housekeeper. She was very grateful for the jellies and fruit, but the flowers brought tears to her eyes. "You are Mrs. Graham?" she said, in a surprised tone when Hetty told her who I was. "You seem so very young!"

"I'm eighteen," I told her. "How—" she stopped. It was aggravating.

"You are Mrs. Graham?" she said. I compelled myself to speak as indifferently as possible.

"Very well. I kept house for her. She was very lovely, you are very like her in coloring. But not in expression. She was her own worst enemy."

"What do you mean by 'her own worst enemy'?" I asked.

"She was too high-spirited. She couldn't endure restraint. She loved Mr. Graham, yet she was always making him angry—often to test her power over him. Then if he corrected her she would do something worse. He was very patient for a time, the sick woman went on garrulously, "but finally he grew so jealous of her that he could not help finding fault—poor man."

"Then she would carry on something awful—flirting with other men, going out with them, and having them come

to the house. She fascinated them and he, Mr. Graham knew it. He was terribly jealous, and used to walk the floor all night some nights when she aggravated him worse than usual. She would go into a perfect tantrum if he said anything about what she did. She would cry and go into regular hysterics. He used to take her in his arms like he would a baby and pet and coax her until she would become quiet. I never saw anyone love a woman as he

did her, and give in to her in everything. He never crossed her, just let her have her own way."

"Were you with them when she died?" I was learning most of the things I had so wanted to know.

"No. Mr. Graham had taken her away for a trip. It most killed him to lose her. He looked like a corpse himself for weeks and weeks. I was awful sorry for him. He loved her so he just let her walk over him. He used to act as if it hurt him if she cried a single tear. He was too good to her. Not that I ever thought she did anything wrong, because I didn't. I don't now. But she used to make him think she had, just to make him jealous, and to show her power over him. There are such women in the world, my dear, lots

of them who like to see what they can do to a man. But never was a woman loved like he loved her. I ain't surprised he waited nine years before he got married again."

"She never had any children?" I ventured.

"One. She went off to a big yachting party and danced all night. Then there came a big storm, and she was so frightened she had a sort of convulsion, and the baby was born dead the next day. Mr. Graham felt terribly. But he never said a word of blame to her. That was the way he loved her."

Then, "I mustn't talk no more. I'm tired."

Tomorrow—Edmond Denies His Engagement.

**EVERYBODY'S TALKING PRICES**

**But It's a Case of Style at Any Price.**

**FRANK TALK ON SHOES**

You can't have a world "short on shoes" without the demand being greater than the supply. What next? High prices, for every goat raiser on the globe wants more for his skins—kid is king and calf is costly. It takes something like 210 pairs of hands and 170 machine operations to make the pair of shoes you are wearing—and 90 % of the entire cost is labor.

There is where the shoe bill gets the big discussion—it is actually the case of shoes being undervalued and under-appreciated until the country went dry and a sympathy created for the material that kept your feet out of the wet.

The price of shoes is rising very rapidly, especially in the last two months, due to the scarcity of good quality leathers and the raise in wages and shortening of hours in the shoe industry. The shoes that we are receiving now on our Fall orders were bought at the prices prevalent last February and March, which means from \$1.00 to \$4.00 below the prices asked today, and the prices we ask are based upon those we purchased them for. Besides, we have a very large stock of shoes in Men's, Women's and Children's on hand now at a year ago prices. Think of the money you can save. We advise buying your Fall footwear now.

60c; all payable strictly in advance.

THE SKY'S UNREAD BOOK

This is a wonderful generation we  
live in. We have invented automobiles  
that cover ground at two miles a min-  
ute, submarines almost as much at  
home in the sea as the fish, also planes  
and dirigible balloons that fly higher  
and farther than many birds. The polar  
regions have given up their secrets to  
intrepid explorers. We talk thousands  
of miles through the air.

So we have encouraged our tongues  
to boast of the conquest of the mater-  
ial earth of ours, yet forgetting that  
there are still many things left for us  
to wrestle with and control.

For one thing, we haven't conquered  
social injustice. Nor imperial ambition.  
Nor personal prejudices. But leaving  
aside these matters right at hand—  
things the world's thinkers are seeking  
to solve—we can humble ourselves by  
remembering that we have not yet read  
the first page of the story of the uni-  
verse.

Look in the western sky one of these  
clear evenings. Three beautiful points  
of light will impress the eye immedi-  
ately from their nearness to each other  
and their clearness. The brilliant point  
on the left is the planet of Venus, as  
big as our earth and with the same  
side always toward the sun. The light  
from Venus that strikes our eye has  
been traveling for seven minutes, at  
about twelve million miles per minute.

At the extreme right less brilliant  
belted planet, showing less brilliant  
than Venus. The reflected light from it  
has been on its way to you more than  
an hour. The materials that compose  
Saturn would make seven hundred  
earths like ours, and a few moons  
thrown in for good measure.

The first magnitude star, overshadow-  
ed by the two planets it appears  
between, is some thousands of times  
bigger than saturn, and some millions  
of times farther away. The light from  
it that reaches the earth now started  
on its way several years before the  
Present Count Hohenzollern began his  
journey to a Dutch woodpile. And  
don't forget that this light has been  
coming toward us at the rate of 12,  
600,000 miles per minute all these  
years.

When we begin to boast of the  
wonderful conquests of mankind in the  
past few decades, we should stop a  
minute and consider, Venus, Saturn  
and the stars now visible in the July  
skies. Then we may remember the  
psalmist who turned his face upward  
and said:

"What is man that Thou art mindful  
of him?"

Ex-Senator J. Ham Lewis, who will  
speak in Dixon next Sunday, will have  
a record audience, for whether you  
agree with him or not, the Honorable J.  
Ham Lewis is as fine an orator as you  
will ever hear.

TO ENTERTAIN LEWIS.

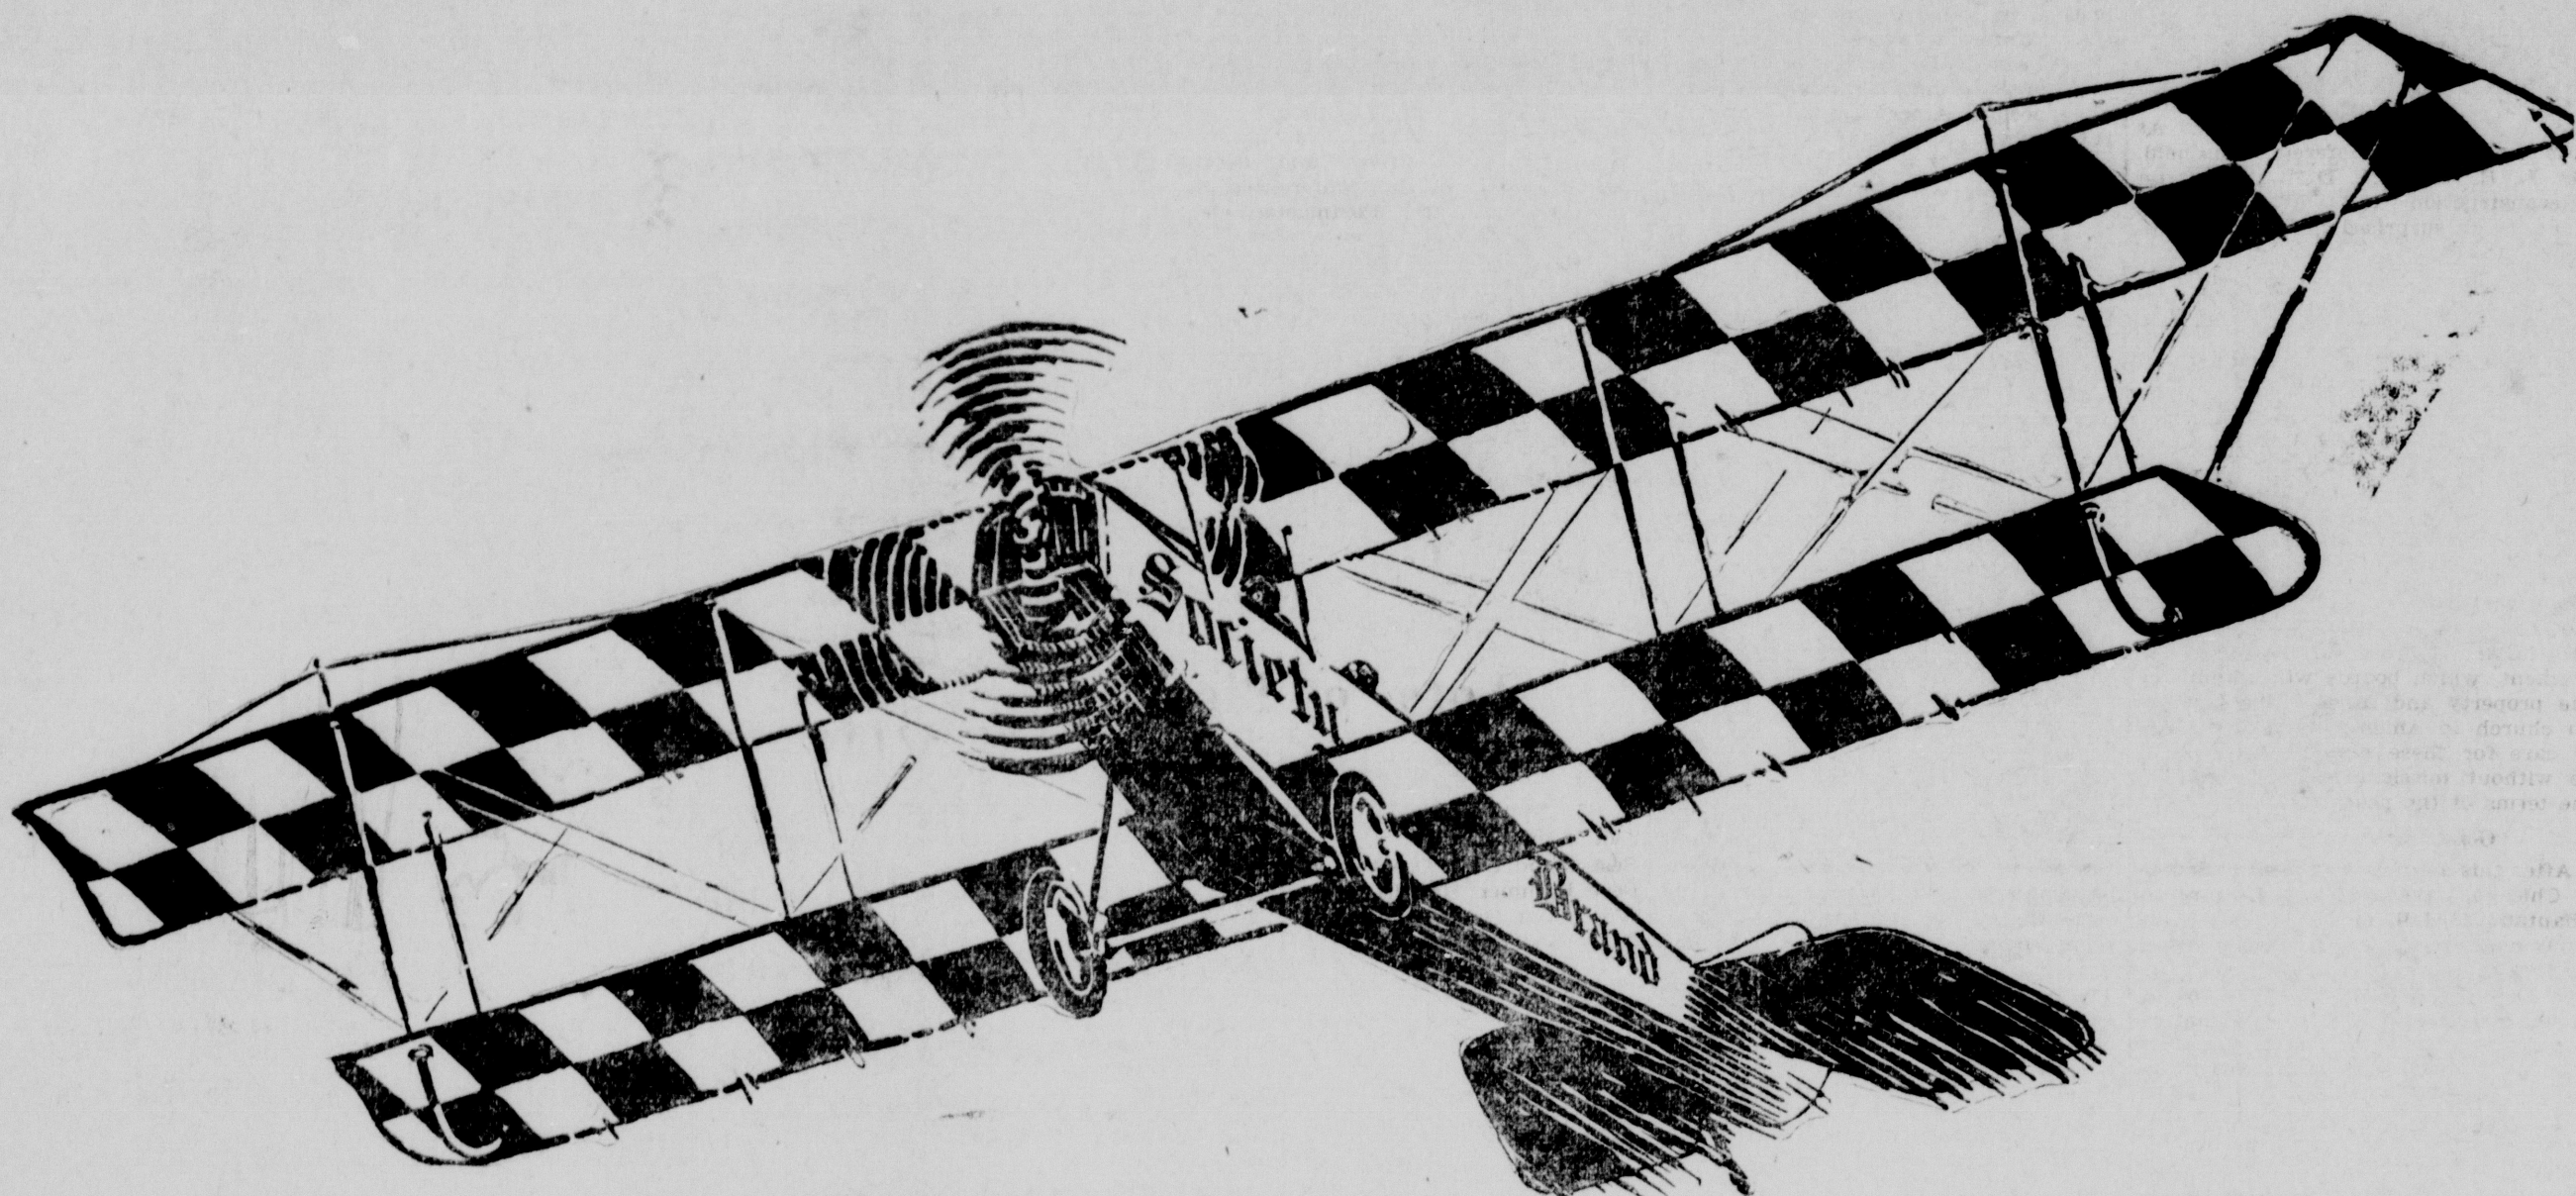

Col. W. B. Brinton will entertain Ex-  
Senator James Hamilton Lewis during  
his stay in Dixon. It is not yet known  
at what time the speaker will arrive for  
his address at the Assembly Sunday.

ABE MARTIN

"Who remembers th' ole time holiday  
when we'd dress up an' spend th' whole  
forenoon huntin' th' side door?" asked  
Pinkie Kerr, today. Mrs. Lefe Bud  
has struck for a twenty per cent in-  
crease in her weekly allowance an' th'  
abolition o' breakfast.

# Society Brand Clothes

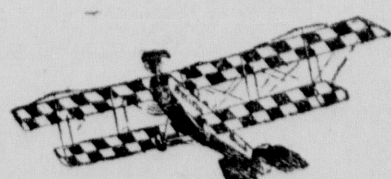

The Society Brand Aeroplane Express carrying  
New Fall Suits will arrive in Dixon Friday, Aug.  
1st, 1 P. M.

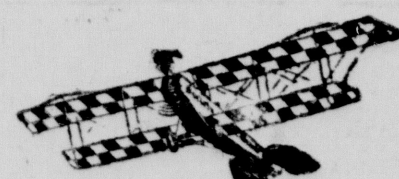

The landing place will be in Lawson's pasture,  
south of C. & N. W. R. R. Bridge on Peoria Ave.

Accommodations will be provided for those who  
wish to see the landing and departure of the  
plane---plenty of parking space for autos.

The New Fall Suits brought by the Aero-  
plane Express will be in our store and on  
sale at 2 P. M. Friday.

VAILE AND  
O'MALLEY

# "CHRISTIAN SCIENCE IMAGINARY CURE FOR REAL DISEASE, REAL CURE FOR IMAGINARY DISEASE"

DR. WILLIAM S. SADLER.

Health Lecturer at Assembly Made Statement Last Night

Wednesday opened bright and hot for the Assemblers, as usual. The pleasure and benefit from a refreshing plunge in the river seemed quite in evidence, from the number of early-morning bathers seen in the river.

The days program began with a short devotional service, in charge of Rev. and Mrs. W. F. Rex, of Freeport. At 10 o'clock a Bible conference was held. Dr. L. B. Wolf, D. D., lecturing on "Reconstruction and Foreign Missions." He surprised many in his audience by stating: "There are four millions of converts to Christianity in heathen lands, and one million of these have been won by Lutheran Missionaries. More than one-half of that number are products of the work of German Lutheran Missionary societies."

The disturbing question now is, "What is to become of these German Missions?" In those fields that are under the control of a mandatory power, the speaker said, it was likely that the German missionary would be allowed to return and resume his work; but in those located in the territory of the Allies, boards of trustees would be created with the approval of the local government, which boards will administer the property and funds. The Lutheran church in America is taking steps to care for these missions which will be without missionaries, according to the terms of the peace treaty.

## Good Health Lectures.

After this address, Dr. Wm. S. Sadler of Chicago, gave a Health Lecture in Chautauqua Hall, on the rather humorous but interesting subject, "When Doctors Disagree, What Shall the Laymen Do?" in which he gave a lot of advice and suggestions on the matter of health. The interest with which his lectures are received is evidenced by the crowded halls which he attracts.

In the afternoon, Dr. Lena K. Sadler lectured on the subject, "The Rising Generation." She possesses a good voice, and is a most impressive speaker. In this lecture, she discussed the birth and early education of the child, and gave some very practical and valuable suggestions for training the young. Perhaps the most important thing that she said was, "Tell your children the absolute truth in all matters." Her lecture was well attended. Immediately following this lecture, she conducted a Round Table for women only, including girls over fourteen years of age.

## ASSEMBLY EVENTS

### THIS EVENING

7:00 p. m.—Riverside Sunset Service.  
8:00 p. m.—Chicago Operatic Company.  
9:30 p. m.—Moving Pictures.

### TOMORROW

9:30 a. m.—Devotional Service.  
10:00 a. m.—Bible Conference. Address "Unfound Talent," Rev. A. B. Leamer, D. D., Executive Secretary of the Lutheran Brotherhood of America, Des Moines, Ia.  
11:00 a. m.—Address, "Fishing That is Worth While," Rev. G. W. Genszler, A. M., pastor of the Lutheran Church of the Holy Communion, Racine, Wis.  
2:30 p. m.—The Chicago Operatic Company.  
7:00 p. m.—Riverside Sunset Service.  
8:00 p. m.—The Chicago Operatic Company.  
9:30 p. m.—Moving Pictures.

### Miss Graves' Recital.

At 8:00 p. m., a vocal prelude was given by Miss Vivian Graves, of Dixon, Ill. Miss Graves has recently studied with a formerly prominent concert and church singer of New York City. Her program included selections from grand opera, oratorio, both English and Italian, and some sacred songs. She has a very pleasing stage presence—was perfectly at ease before her big audience—and sang in a manner which pleased all.

Dr. Wm. S. Sadler concluded the lectures from the Sadlers with his "Faith and Fear, or How the Mind Influences the Body." He brought to light the multitude of imaginary diseases, brought about by fear and worry. He made the statement, "Christian Science is an imaginary cure for real diseases, but a real cure for imaginary diseases." The lectures and round table discussions given by the Sadlers have proven one of the most interesting and profitable presentations of the Assembly program.

After the lecture, the audience was entertained with two reels of current event and comedy films.

### ITALIAN AVIATOR CROSSES SOUTH AMERICAN CONTINENT

By Associated Press Leased Wire. Santiago, Chile, Wednesday, July 30. (Delayed.)—Lieutenant Locatelli, a member of the Italian aviation mission now in Argentina, completed today an airplane flight from Buenos Aires to Valparaiso, his trip marking the first crossing by air of the South American continent from the Atlantic to the Pacific.

## PRESIDENT MAY INITIATE PROBE OF HIGH PRICES

(Continued from Page 1)

endless chain is going to end," he added.

Senator Poindexter, republican, Washington, said the president had been given \$100,000,000 to feed distressed European peoples and added:

"But it would be impossible to get an appropriation of \$1,000,000 for food for Americans."

One of the reasons urged for the appropriation to supply food to Europe, Senator Poindexter said, was maintenance of meat and food prices.

First steps in the federal government's attempt to reduce the high cost of living were taken today with the inauguration of a plan for the sale of \$125,000,000 worth of army food stocks direct to the people with every postmaster and mail carrier over the country acting as a salesman.

Distribution of the surplus food in this manner was requested by the house of representatives and details were worked out at conferences between Sec. Baker, Postmaster General Burleson and Representative Kelly of Pennsylvania, author of the house resolution.

### Wilson Gets Protest.

While this program was being put into effect, President Wilson had before him a statement from the brotherhood of locomotive engineers which declared

ed that "conscientious profiteering by the great interests who have secured control of all the necessities of life" had brought about such conditions that the engineers felt they must demand increased wages unless living expenses speedily were reduced.

At the department of justice investigations into the causes of increasing living costs were under way with particular attention being given to the question of whether producers or dealers had combined in violation of law to raise prices of necessities.

Meantime, there was pending in the house a resolution proposing that the federal trade commission investigate

## Another Doctor Will Locate in This City

Dr. B. R. Angstrom, a classmate of Doctors R. B. and H. E. Saxmann, is in Dixon visiting at their home. Sgt. Angstrom has just returned from overseas service, having been in France for over a year. He was a member of Field Hospital No. 222, 81st Division, and was one of the few selected to attend the University of Toulouse, Medical Department, for special instruction in hospital work. He will leave the last of the week for points in Michigan, but will return to Dixon the last of October to practice with Dr. R. B. Saxmann in the Union State Bank building. This has become necessary because of the steadily increasing practice, and will insure more prompt service both at the office and in outside cases.

### LEGAL PUBLICATION.

No. 188.  
Sealed proposals addressed to the Board of Local Improvements and the Council of the City of Dixon, Illinois, and endorsed proposals for the furnishing of the labor and materials for and the construction of vitrified tile pipe sewer with manholes, catch basins and house connection laterals in Jackson Avenue in the City of Dixon, Illinois, as provided for in Local Improvement Ordinance Number 188, Series of 1919, of the City of Dixon, Illinois, will be received by the Board of Local Improvements and the Council of the City of Dixon, until eight o'clock in the evening, August 5, 1919, and will be publicly opened by the Mayor of said City of Dixon, (who is President of said Board of Local Improvements) at a joint meeting of said Council and Board of Local Improvements to be held in the Council Chamber in the City Hall in said City of Dixon at eight o'clock in the evening, August 5, 1919. Said bids shall be opened by the Mayor in the presence of a majority of the Council and Board of Local Improvements and shall remain on file in the Mayor's office and be open to public inspection for at least 48 hours before an award of said contract is made to any competitive bidders. At the next regular meeting, following the opening of such bids, said Council and Board of Local Improvements and the Council of the City of Dixon, will determine the most advantageous bid for the city and publicly declare the same.

The work for which said tenders are invited is for the construction of 665 cubic yards of excavation and backfill; 360 linear feet of 12 inch sewer pipe (ditch); 781 linear feet of 10 inch sewer and storm water pipe (ditch); 175 linear feet of 6 inch sewer pipe (ditch); 2 manholes; 6 catch basins, as provided for in Local Improvement Ordinance Number 188, Series of 1919 of the City of Dixon, Illinois.

Each bid for this improvement must be accompanied by a certified check or cash for an amount not less than 10% of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the president of the Board of Local Improvements, in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been canvassed and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of \$1,500.00 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of said City of Dixon. All proposals must be made upon blanks furnished bidders at the City Clerk's office.

Payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed and the work accepted by the Board of Local Improvements and the Council of the City of Dixon, bonds to draw interest at 5 per centum per annum. No bid will be considered unless the party making it shall furnish evidence, satisfactory to the Board of Local Improvements and the Council of the City of Dixon, of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract should be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and the surrounding conditions affecting the cost and the nature of the work. Specifications for said work are on file in the Mayor's office and may also be seen at the office of the City Clerk of the City of Dixon from and after this date.

The person to whom the contract for the construction of said improvement is awarded shall, before the commencement of work under such contract, provide ample, suitable and valid insurance policies, to provide against and pay all claims for injury to persons or property arising under the laws of the State of Illinois in the prosecution and construction of said work.

The Council and Board of Local Improvements reserve the right to reject any and all bids.

Dated at Dixon, Illinois, this 24th day of July, A. D. 1919.

No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been canvassed and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of \$2000.00 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of said City of Dixon. All proposals must be made upon blanks furnished bidders at the City Clerk's office.

Payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed and the work accepted by the Board of Local Improvements and the Council of the City of Dixon, bonds to draw interest at 5 per centum per annum. No bid will be considered unless the party making it shall furnish evidence, satisfactory to the Board of Local Improvements and the Council of the City of Dixon, of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract should be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and the surrounding conditions affecting the cost and the nature of the work. Specifications for said work are on file in the Mayor's office and may also be seen at the office of the City Clerk of the City of Dixon from and after this date.

The person to whom the contract for the construction of said improvement is awarded shall, before the commencement of work under such contract, provide ample, suitable and valid insurance policies, to provide against and pay all claims for injury to persons or property arising under the laws of the State of Illinois in the prosecution and construction of said work.

CORN ADVANCES DESPITE HEAVY RAINS IN BELT

By Associated Press Leased Wire  
Chicago, July 31.—Although rain here and in various other places tended at first to ease the corn market today, set backs were not of a lasting sort. Offerings proved to be scarce, and an unexpectedly good demand from commission houses sprang up. Bulls contended that general soaking rains were needed, and that serious crop damage had already taken place in many sections. Opening prices, which range from 7 1/2c decline to 1 1/2c advance, with Sept. 195 to 195 1/2 and Dec. 163 to 169, were followed by rallies that in some cases reached well above yesterday's finish.  
Oats were governed largely by the action of corn. After opening unchanged to 1/2c lower, including Sept. at 79 1/2c to 79 3/4c, the market swung sharply upward.  
Strength in the hog market gave an upward slant to provisions. Trade however, was slow.  
Reports of additional rains led subsequently to steep declines, which were further emphasized by notice of 15 days embargo on shipments of coarse grains to New York and by Washington advice in regard to reduction of laying cost. The market closed unsettled, with Sept. 195 to 195 1/2 and Dec. 163 to 169, with Sept. 193 1/2 to 193 3/4 and Dec. 163 1/2 to 163 3/4.

Chicago Livestock.

By Associated Press Leased Wire  
Chicago, July 31.—Hogs receipts 9,000; good and choice hogs 50 to 75c higher than yesterday's average; top 2300; very few packing hogs sold. French Ratification Will Bring Peace

By Associated Press Leased Wire  
Paris, July 31.—The French cabinet approved today the proposal that peace should be considered to exist officially from the date of publication in the official journal of ratification of the German treaty by the chamber of deputies, when completed. It was decided that the ratification of the German treaty should be considered to mark a state of peace without the completion of treaties with other powers still at war with France.

Corn Drops 6 Cents a Bushel; Pork Down

By Associated Press Leased Wire  
Chicago, July 21.—Universally sharp set backs took place in prices for grain and provisions today. Corn dropped nearly six cents a bushel to \$1.63 1/2 Dec. delivery and pork more than \$1.00 a barrel.

Rains which would tend to benefit the corn crop had much to do with the declines, and so likewise did announcement of an embargo on coarse grain shipments to New York. Particular notice, too, was taken of reports from Washington about efforts to cut the cost of living.

ROCKFORD MILK JUMPS.  
By Associated Press Leased Wire  
Rockford, Ill., July 31.—Retail prices of milk will be advanced here tomorrow to 14 cents a quart. The present price is 12 cents.

ELDENA.

Mrs. Hookman, two sons, and daughter, of Sterling, visited her daughter, Mrs. Percy Howard, over Sunday.  
Mrs. Crumm and daughter, Lorine, will start for their home in Gary, Ind., Saturday. Mrs. Crumm spent some time visiting her mother, Mrs. Martha Shoemaker, her brother, Bert Shoemaker, and sister, Mrs. Ruby Wright, the latter of the Kingdom.  
Mrs. Bert Shoemaker is on the sick list.  
Mrs. Isaac Mossholder left last Friday for Brooklyn, Ia., to visit her daughter, Mrs. J. H. Wollaston and her son, Clark Mossholder.  
Willis Fry, of Dixon, was a caller in Eldena Sunday.  
Charles Akin, of Tennessee, visited in Eldena last week. Mr. Akin left here in 1885 and this is his first visit.

WASHINGTON—The house adopted a resolution requesting Secretary Baker to place on sale without delay surplus food products held by the war department and valued at \$120,000,000.
